

EPLAN – efficient engineering.

Ten reasons to convert to the EPLAN subscription model

It pays off to convert your existing licences to the new subscription model: functionally, technologically, and in terms of price.

- 1 Always receive the up-to-date software versions as well as access to the EPLAN cloud services
- 2 Activation of the Elements Professional+ for optimised work with EPLAN
- 3 New Save-As function for saving your EPLAN projects in previous formats
- 4 EPLAN API Runtime for the use of individual applications
- 5 eSTOCK and eMANAGE for cloud-based article and project management
- 6 E-Learnings for future EPLAN updates for all employees
- 7 Transparency and security with clear contract and pricing structure
- 8 Investment protection for your existing licences by way of our “fall back” option
- 9 High and permanent price advantage when you accept the offer and convert to subscription
- 10 Technological and functional safety on the EPLAN strategy path
